Procedure

Safeguarding & Welfare

- We maintain records and obtain and share information (with parents/carers, other professionals working with the child, the police, social services and Ofsted, as appropriate) to ensure the safe and efficient management of the setting and to ensure the needs of all children are met.
- We enable a regular two-way flow of information with parents/carers and between providers, if a child is attending more than one setting.
- If requested, we incorporate parents'/carers' comments into children's records.
- Records are easily accessible and available
- Confidential information and records about staff and children are held securely and are only accessible and available to those who have a right or professional need to see them.
- We are aware of our responsibilities under the Data Protection Act (DPA) 1998 including GDPR and where relevant the Freedom of Information Act 2000.
- We ensure that all staff understand the need to protect the privacy of the children in their care as well the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures confidentiality.
- Parents/carers must be given access to all records about their child, provided that no relevant exemptions apply to their disclosure under the DPA.
- Records relating to individual children are retained for a reasonable period of time after they have left the provision.
- We record the following information for each child in our care: full name; date of birth; name and address of every parent/carer who is known to the provider (and information about any other person who has parental responsibility for the child); which parent(s)/carer(s) the child normally lives with and emergency contact details for parents/carers.
